

Environment Awareness Society

Session 2018-2019

1. Van Mahotsav was celebrated on 20th August 2018. Various saplings were planted by Principal, Staff and college students in front of botany lawns, botanical garden and various parts of college campus. Prof. (Dr.) Rama Arora, Principal of the college motivated the student to adopt their own planted sapling for their future care.

2. Model making competition was organized on 12th September 2018 to make all the students aware of the importance and scope of science in everyone's life.

3. Bt. Vimal Bhutani from Biotech Sapiens delivered lecture on opportunities in the field of life sciences to around 250 students on 10th October 2018.

4. The society has organised an Anti-cracker campaign in and around the college campus. Around 150 students participated in the campaign to create awareness among the public by making placards, slogan and poster. Principal, Prof. Rama Arora motivated the students to celebrate safe and cracker free Diwali on 5th November 2018 followed by poster making competition.
