

SOCIETY'S PLAN OF ACTION & REPORT, 2021-2022

THE SOCIETY CELEBRATED NATIONAL/INTERNATIONAL DAYS

National/International days are the most powerful advocacy tools to educate the people on issues of common concern and mobilize support to address them. Our efforts to mark these days are aimed at celebrating the spirit of equality and reinforcement of the achievements of humanity.

Celebrated National Girl Child Day

Girl child globally has higher survival rates at birth; however, India is the only country where more girls die than boys. And, those, who survive face gender inequalities right from their childhood. The practice of discrimination begins at home and the community's role further widens the gender gap that ultimately results in unequal opportunities and discrimination.

“Theme of Celebration of Girl Child Day, every child deserves to reach her or his full potential, but gender inequalities in their lives and in the lives of those who care for them hinder this reality, hence our effort is to educate people and enhance the value of girls by investing in and empowering them with education, life skill, sports and much more.”

Celebrated International Women's Day - (08.03.2022)

- Organised Poster Making, Logo Designing and Rangoli Making competition

Celebrated World Health Day- (07.04.2022)

Sr. No.	Event	Date of Event	Name of Resource Person/Guest if any	No of Participants	2 Photographs of Each Event	Remarks, if any
1	World Health Day "Our Planet, Our Health"	07/04/2022	NA	30	Photographs sent on Whats App separately	The theme of this year's World Health Day 2022 was "Our Planet Our Health". To make students aware of the significance of the day and highlight the area of priority concern for WHO; a slogan-writing and poster-making Competition was organised. Participants highlighted the unique opportunity for a green and healthy recovery from the COVID-19 pandemic by putting health and human security at the centre of the actions of nation-states through posters. And to the enhancement in health services, environmental protection and other factors having a direct consequence for humans slogans were highlighted.
