PRINCIPAL'S MESSAGE

Dear students

PGGC-11 is a premier educational institution of the Panjab University with the exemplary mission of nurturing young men and women to achieve success in a rapidly changing, inter-connected world.

It is an institution that inspires young minds to work with optimism, grit and resilience in pursuit of their goals and it prepares its students to be confident, skillful and competent in order to enter the realm of higher education and employment. Its goal is to motivate young men and women to be ethical, goal-oriented, and self-reflective.

PGGC-11 has been extremely successful in terms of its student's accomplishments and accolades not only in scholastic activities but also in extra curricular activities like NCC, NSS and Dramatics (GCDC) as is evident in our achievements at the university, zonal and national levels year after year. We run various societies, clubs and cells which endeavor to enrich the academic and cultural life of our students. Our teachers work hard throughout the year with the students to provide them a quality experience in the form of debates, group discussions, workshops, symposia, seminars, webinars and cultural activities. Eminent personalities are invited from all walks of life to address and interact with the student community thus exposing them to new ideas and thoughts.

The counseling facility offered on the campus seeks to assist student at personal as well as professional level. Career Counseling & Placement Cell counsels the students round the year for admissions to institutes of higher education at national and international level so as to facilitate their career progression.

We also take pride in being an environmentally conscious institution. We follow the cardinal principle of Reduce, Re-use and Recycle. We have been taking several initiatives to reduce our carbon footprint and will continue to do so. The College campus is a natural locale where life blooms and provides a joyful environment.

The 'PGGC-11 spirit' is best captured in these lines by Mahatma Gandhi:

"Literacy, in itself is no education. Literacy is not the end of education or even the beginning. By education I mean an all-round drawing out of the best in the child and man-body, mind and spirit"

With blessings and best wishes.
